

WHY KNOT TIES

Melbourne's own Why Knot Ties is the newest design house to hit our streets. Whether you're looking to dress up for a wedding or add some extra swag and style to your weekend outfit, Why Knot Ties will keep you fashionably fresh and ready for anything! Designed by Vince Massara, Why Knot Ties keeps you looking your best with their premium range of high quality printed bow ties. Expression. Style. Bow Ties. Plus, Why Knot Ties offers a Bow Tie of the Month Subscription Box, so you can keep it fresh with a new bow tie every single month. www.whyknotties.com

UPPERCUP

In light of Australia's ever-growing caffeine reliance, it is estimated that Australia contributes to over one billion disposable coffee cups to landfill every year, adding significant pressure on the environment with unknown plastics, cardboards and materials. Designed and manufactured in Melbourne, Uppercup's patented design showcases the perfect union of style and function, is made from the highest quality BPA and BPS free Eastman Tritan Copolyester plastic, and its durable glass-like frame won't retain odours or stains.

SALOMON S/LAB ULTRA RUNNING SHOE

Designed with Francois D'haene and specifically for the needs of trail runners, the S/LAB Ultra has been built so that each shoe size meets the needs of the runner wearing them. For sizes above 10 UK, Salomon designers increased the shoe stack height to have more proportional cushioning for runners who have longer feet and are slightly heavier. An Energysave® foam insert in the forefoot adds long-lasting cushioning and protection from rocks and rough ground, while Energy Cell+ foam in the bottom unit ensures a smooth, consistent ride. To achieve comfort and foothold on the downhills, the S/LAB Ultra combines Sensifit construction with a durable, protective skin guard lining for ample protection in the right places. The Sensifit has two arms on each side of the shoe directly linked to the Quicklace eyelets. When the runner pulls on the Quicklace, Sensifit perfectly wraps the foot to help deliver a precise foothold and footstrike. An all-new Contagrip® outsole, with premium wet traction and reverse lugs on the heel area, delivers confident grip, especially on the downhills. Available this month, from all good sporting footwear stores nationally for \$289.99. www.salomon.com

DELUXE SHEA BUTTER

Certified organic and unrefined, Deluxe Shea Butter is premium, A-Grade butter that originates from the Kumbungo district of Tamale in the northern parts of Ghana. Directly sourced from the women's co-operatives that operate within the region, the Shea nuts are considered the best in the world due to their desirable chemical balance and traditional processing methods. Deluxe Shea Butter skincare is enriched with handcrafted 100 per cent certified organic unrefined Shea butter from Ghana, West Africa. Offering a range of hydrating, rejuvenating and protecting benefits, this African salve can be used for the treatment of dry skin, psoriasis and eczema, blemishes, skin discolourations, scars, stretch marks and wrinkles. Deluxe Shea Butter can also be used as a massage oil for babies and adults alike, and can help relax stiff muscles due to its anti-inflammatory, emollient and humectant properties. From \$14.95 (100g). www.deluxsheabutter.com
